Common Data Set (CDS)

The Common Data Set (CDS) provides a common format for supplying information to various guide book providers, including the College Board, Peterson's Guides, and U.S. News & World Report. The CDS is a set of standards and definitions of data items defined by these groups. The CDS for Johns Hopkins University, with the exception of Section J and part of Section B, focuses exclusively on the full-time undergraduate students enrolled in the Krieger School of Arts and Sciences and the Whiting School of Engineering.

For more information go to the national site at: http://www.commondataset.org

B4	Initial 2001 cohort of first-time, full-time bachelor's (or equivalent) degree-seeking	
	undergraduate students; total all students:	1,015
B5	Of the initial 2001 cohort, how many did not persist and did not graduate for the	
	following reasons: death, permanent disability, service in the armed forces, foreign aid	
	service of the federal government, or official church missions; total allowable	
	exclusions:	2
B6	Final 2001 cohort, after adjusting for allowable exclusions: (subtract question B5 from	
	question B4)	1,013
B7	Of the initial 2001 cohort, how many completed the program in four years or less (by	
	August 31, 2005):	847
B8	Of the initial 2001 cohort, how many completed the program in more than four years	
	but in five years or less (after August 31, 2005 and by August 31, 2006):	70
B9	Of the initial 2001 cohort, how many completed the program in more than five years	
	but in six years or less (after August 31, 2006 and by August 31, 2007):	9
B10	Total graduating within six years (sum of questions B7, B8, and B9):	
_		926
B11	Six-year graduation rate for 2001 cohort (question B10 divided by question B6):	91%

B22 Retention Rates: Krieger School of Arts and Sciences and Whiting School of Engineering only

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 2006 (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate	
students who entered your institution as freshmen in fall 2006 (or the preceding	
summer term), what percentage was enrolled at your institution as of the date your	
institution calculates its official enrollment in fall 2007?	97%

CDS-B Page 5

C. FIRST-TIME, FIRST-YEAR (FRESHMAN) ADMISSION

Applications: Krieger School of Arts and Sciences and Whiting School of Engineering only

C1 First-time, first-year, (freshmen) students: Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in fall 2007. Include early decision, early action, and students who began studies during summer in this cohort. Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, nonadmission, placement on waiting list, or application withdrawn (by applicant or institution). Admitted applicants should include wait-listed students who were subsequently offered admission.

Total first-time, first-year (freshman) men who applied	7562	14848
Total first-time, first-year (freshman) women who applied	7286	
Total first-time, first-year (freshman) men who were admitted	1893	3603
Total first-time, first-year (freshman) women who were admitted	1710	
Total full-time, first-time, first-year (freshman) men who enrolled	624	
Total part-time, first-time, first-year (freshman) men who enrolled	0	
Total full-time, first-time, first-year (freshman) women who enrolled	582	1206
Total part-time, first-time, first-year (freshman) women who enrolled	0	

C2 Freshman wait-listed students (students who met admission requirements but whose final admission was contingent on space availability)

	Yes	No
Do you have a policy of placing students on a waiting list?		
If yes, please answer the questions below for fall 2007 admissions:		
Number of qualified applicants offered a placed on waiting list	3069	
Number accepting a place on the waiting list	1319	
Number of wait-listed students admitted	46	
Is your waiting list ranked?	no	•

If yes, do you release that information to students?

Admission Requirements

C3 High school completion requirement

ingii concor compicacin requirement	
High school diploma is required and GED is	
accepted	
High school diploma is required and GED is not	
accepted	
High school diploma or equivalent is not required	V

C4 Does your institution require or recommend a general college-preparatory program for degreeseeking students?

•	
Require	
Recommend	√
Neither require nor recommend	

CDS-C Page 6

Do you release that information to school counselors?

C5 Distribution of high school units required and/or recommended. Specify the distribution of academic high school course units required and/or recommended of all or most degree-seeking students using Carnegie units (one unit equals one year of study or its equivalent). If you use a different system for calculating units, please convert.

	Units	Units
	Required	Recommended

G. ANNUAL EXPENSES

Provide 2008-2009 academic year costs of attendance for the following categories that are applicable to your institution.

Krieger School of Arts and Sciences and Whiting School of Engineering only

G1 Undergraduate full-time tuition, required fees, room and board List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2008-2009 academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. Required fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees.) Do not include optional fees (e.g., parking, laboratory use).

H. FINANCIAL AID

Aid Awarded to Enrolled Undergraduates

Krieger School of Arts and Sciences and Whiting School of Engineering only

Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (using the same cohort reported in CDS Question B1, "total degree-seeking" undergraduates) in the following categories. (Note: If the data being reported are final figures for the 2006-2007 academic year (see the next item below), use the 2006-2007 academic year's CDS Question B1 cohort.) Include aid awarded to international students (i.e., those not qualifying for federal aid). Aid that is non-need-based but that was used to meet need should <u>be reported in the need-based aid columns</u>. (For a suggested order of precedence in assigning categories of aid to cover need, see the entry for "non-need-based scholarship or grant aid" on the last page of the definitions section.)

I. INSTRUCTIONAL FACULTY AND CLASS SIZE

Please report the number of instructional faculty members in each category for Fall 2007. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e. those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	g., Exclude	Include only if they teach one or more non- clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coad and the like, even though they may devote part of their time to classroom instruction a may have faculty status		Include if they teach one or more non- clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e) faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research)

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as black, non-Hispanic; American Indian or Alaska Native; Asian or Pacific Islander; or Hispanic.

Doctorate: includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and Doctor of Philosophy degree in any field such as agronomy, food technology, education, engineering, public administration, ophthalmology, or radiology.

First-professional: includes the fields of dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), law (JD) and theological professions (MDiv, MHL).

Terminal degree: the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts).

CDS-I Page 24

Krieger School of Arts and Sciences and Whiting School of Engineering only

		Full-Time	Part-Time	Total
a)	Total number of instructional faculty	492	71	563
b)	Total number who are members of minority groups	57	3	60

f)	Total number with doctorate, first professional, or other terminal degree	482	52	534
g)	Total number whose highest degree is a master's but not a terminal master's	9	16	25
h)	Total number whose highest degree is a bachelor's	1	0	1
i)	Total number whose highest degree is unknown or other (Note: Items f , g , h , and i must sum up to item a .)	0	3	3
j)	Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students	0	0	0

I2 Student to Faculty Ratio

11

Report the Fall 2007 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2007 Student to Faculty ratio	12	to 1	(based on	6210	students
			and	516	faculty).

CDS-I Page 25

Undergraduate Class Size

13

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2007 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered in Fall 2007. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

Number of Class Sections with Undergraduates Enrolled

J. DEGREES CONFERRED

University-wide

J1 Degrees conferred between July 1, 2006 and June 30, 2007

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.
